## Specification Sheet

|                          |                                               |
|--------------------------|-----------------------------------------------|
| Product Name:            | <b>Vinyl Myristate (stabilized with MEHQ)</b> |
| Specifications & Purity: | ≥96%                                          |
| SKU #                    | <b>V162936</b>                                |

| Parameter           | Limit Values                                                                          |
|---------------------|---------------------------------------------------------------------------------------|
| Proton NMR spectrum | Conforms to Structure                                                                 |
| Purity(GC)          | 96-100 (%)                                                                            |
| Appearance(V162936) | White or Colorless to Almost white or Almost colorless powder to lump to clear liquid |
