## Specification Sheet

|                          |                                                         |
|--------------------------|---------------------------------------------------------|
| Product Name:            | 5-(2-methyl-3-furyl)-4-phenyl-4H-1,2,4-triazole-3-thiol |
| Specifications & Purity: | 95%                                                     |
| SKU #                    | W417460                                                 |

| Parameter                | Limit Values |
|--------------------------|--------------|
| Purity(HPLC)             | 95-100 (%)   |
| LC-MS for identification | Conforms     |
