

Shanghai Aladdin Biochemical Technology Co., LTD

Building No. 7, No. 11, Galileo Road, Pudong New Area, Shanghai 201210, China

## Specification Sheet

|                     |                                                                             |
|---------------------|-----------------------------------------------------------------------------|
| Product Name:       | Goat Anti-Mouse IgG H&L (HRP)                                               |
| SKU #:              | Ab179001                                                                    |
| Version:            | 1                                                                           |
| Clone ID:           |                                                                             |
| Isotype:            | Goat IgG                                                                    |
| Source:             | Serum                                                                       |
| Formulation:        | Liquid                                                                      |
| Concentration:      | 1.0 mg/mL                                                                   |
| Buffer Solution:    | Liquid in PBS pH 7.4, containing 50% glycerol, 1% BSA and 0.05% Proclin300. |
| Storage Conditions: | Store at -20°C, Protected from light, Avoid repeated freezing and thawing   |

| Parameter                        | Limit Values                |
|----------------------------------|-----------------------------|
| OD450(ELISA titer $\geq 80000$ ) | $>1$                        |
| Appearance(Ab179001Z)            | Light brown to brown liquid |
| Blank                            | $<0.2$                      |
| Non-specific binding             | Conform                     |
